‘The resolution of Essar Steel insolvency case and Supreme Court’s order to restart mega power projects were mainly responsible for the rally. Old too has been on a correction mode this month, which is good for emerging markets such as India.’

—Hemang Jain, head advisory, Sharekhani by EPI Portfolio

‘We witnessed a much anticipated relief rally on the D. Street amid the stable global cues. After a flat to positive opening... the index posted a mammoth gain of 221 points, which is the biggest of recent times.’

—Anish Khatia, senior technical analyst, IndiaNivesh Securities

‘They were so overvalued, it invited a bounce. The question is whether or not it can go anywhere.’

—Wilke Delviche, investment strategist, Robert W Baird, Milwaukee
